## **PRACTICE POLICIES**

My private practice is Out-of-Network, or self-pay. Payment is due at each session. Payment options include cash, check or credit card. Session fees are \$150/50 minute session or \$250/90 minute session. If you are planning on using your out-of-network benefits, you may want to check with your insurance company first regarding 90-minute sessions, as some insurance companies do not cover longer sessions.

If your insurance plan includes out-of-network benefits, you will pay for your sessions at the time of service, and I can provide you the information you will need to submit to your insurance.

If you need to change or cancel an appointment, please give 24-hour notice. In the event of a no-show or late cancel that is not an emergency, unsafe driving conditions or illness, the full session fee will be charged. Video sessions are also available.

Out of respect for each of my clients, I do my best to start and end sessions on time. I ask that you arrive on time for your appointment. Late arrivals will cut into some of your session time. Your session time includes the time needed to schedule appointments and collect fees.

According to my profession's ethical code, I am unable to interact socially on social media with clients; therefore, I will not accept requests to interact on my personal social media pages. It is your choice if you choose to interact on my business pages. Please keep in mind that I cannot confirm or deny a therapy relationship.

I am not always immediately available to respond in a crisis situation. In case of emergency, call 911, call the Crisis Hotline @ 216.623.6888, text the Crisis Text Hotline at 741-741 or go to the nearest emergency room.

## **INFORMED CONSENT**

Psychotherapy is confidential, with the below stated exceptions.

**Duty to Warn:** Therapists are mandated by law to disclose pertinent information discussed in therapy if the client has an intent or plan to harm another person.

**Suicide/Self harm:** Depression is a common emotion expressed in therapy.

If a client is feeling hopeless enough to imply or disclose a plan for suicide, steps need to be taken to ensure safety. This would include making reasonable attempts to notify the family and possible admission to psych emergency services.

**Animal abuse:** I will report animal abuse, including cases of neglect and hoarding.  
**Vulnerable Adults and Children:** Mental health professionals are required by law to report stated or suspected abuse of a child or vulnerable adult to the appropriate social service agencies.

**Prenatal Exposure to Controlled Substances:** in keeping with protecting vulnerable populations, Mental Health Providers are required to report admitted use of controlled substances during pregnancy that are potentially harmful to the fetus.

I have read and understand the above-stated limitations to confidentiality. I accept the subsequent ramifications should there be a need to act on one of the above-stated exceptions. Other than the noted exceptions, if there are reasons to disclose my protected confidential information, I understand that I will be provided a Release of Information form.
